Published by Austin Genealogical Society of Austin, Travis County, Texas, a non-profit organization chartered by the State of Texas for the purpose of investigating, collecting, recording, and depositing in libraries and archives, genealogical and historical materials, especially those pertaining to Travis and adjoining counties.

Membership meetings are held the 4th Tuesday of each month except December, at 7:30 p.m., in the 126th District Court Room, County Courthouse. Visitors and prospective members are welcome at all meetings.

Dr. Nelle Bellamy of the Episcopal Theological Seminary was the speaker at our March meeting, and described the information available to genealogists in the Episcopal Archives in Austin. There is a complete directory of all Episcopal churches in the United States, with information on existing records and where to write for information from specific church registers.

Mr. Gifford E. White was the speaker at our April meeting, and showed what information can be obtained from early Texas county tax lists. Many of these tax lists have been microfilmed, and are available for examination here in Austin.

Ronald A. Seeliger, librarian of the Newspaper Collection at the University of Texas, will speak at our May meeting, and will describe the materials and the facilities available for genealogical research in that library.

The September issue of the Quarterly is planned to consist exclusively of Bible records and cemetery records, with complete index. If you know of an old Family Bible that you can copy the genealogical data from, or if you know of an isolated cemetery in central Texas that you can copy all the marker data from, please get the information for this issue. Editing and indexing require so much time that you are requested to get the information to the Editor as soon as you can. In order to publish in September, a deadline of 1 August must be set for receiving material to be included.

If you have finished with any genealogical source books or periodicals, but still wish to have them available for occasional reference, Mrs. Shudde suggests that you bring them to the next meeting of the Austin Genealogical Society to be placed in the State Library. If Mrs. Woods, the Librarian, is not at the meeting to take the material, the Editor will see that it gets to the Library.

Books purchased recently through the Austin Genealogical Society Matching Acquisition Fund include: "Maury County, Tennessee, Wills and Settlements, 1807-1824, and 1820 Census of Maury County", "Statistical Handbook of Trigg County, Kentucky, the Gateway to the Jackson Purchase in Kentucky and Tennessee", and "Maury County, Tennessee, Marriage Records, 1838-1852". These books are placed in the State Library as soon as our members have had an opportunity to examine them.

The information listed for each individual in this year's Ancestor Registry was furnished by the member on a 3'' x 5'' index card. As errors in data are found, or as new data are obtained, the member should prepare a complete new index card on the individual and forward it to the Editor. Index cards should also be made on other ancestors who haven't been listed, and forwarded to the Editor as completed. With this assistance by the members, the March 1965 Quarterly can be issued in March, without the last minute rush and delay evident this year.
