AUSTIN GENEALOGICAL SOCIETY

Spring Quarterly

Vol. VIII, No. 1 March 1967

Published by AUSTIN GENEALOGICAL SOCIETY at Austin, Travis County, Texas, a nonprofit educational organization chartered by the State of Texas to investigate, collect, record and deposit in libraries and archives the genealogical and historical materials of Texas, especially those items pertaining to Travis and adjoining counties, and to educate members in the use of these and other reference materials in preparing and publishing genealogies and lineages.

Editor - Mrs. E. Viola LONG, P. O. Box 774, Austin, Tex 78767 GR 2-5258

Membership meetings are held the 4th Tuesday of each month except December, at 7:30 p.m., in the Howson Branch Public Library, 2500 Exposition Blvd., two blocks north of Windsor Road in Northwest Austin. Paid membership is on a calendar year basis. Visitors and new members are welcome!

President's Letter

Let's take a good selfish look at what we're getting out of membership in the Austin Genealogical Society!

First, by belonging and pooling our relatively modest dues, we create a fund of nearly a thousand dollars a year to be used exclusively for genealogical purposes. Second, in ten of our monthly meetings each year, we receive, from authorities and specialists in many fields, suggestions on materials available and how to utilize them in our genealogical research. Third, by publishing a good quarterly, we record the heretofore unrecorded genealogical and historical materials of central Texas, making them available for our own research and that of all other genealogists; and we have the opportunity to publish our ancestor records in the Spring Quarterly each year, bringing them before the eyes of thousands of genealogists throughout the country. Fourth, by exchanging quarterlies with other societies throughout the United States and in other countries, we have available in the reference room at the State Library the results of efforts of thousands of genealogists. Fifth, by participating in the Matching-Purchase Acquisition Program, we have the opportunity to obtain rare and expensive genealogical reference books and microfilms at a cost of a dollar or so per participating member on each item; and when we are through examining each reference item, it is placed in the State Library and Archives, where we can examine it at any time and can check it out over weekends. There are also the numerous intangible benefits derived from our contact and association with the other members. And, finally, it's fun!

Without the Society and our membership in it, we would have none of these. In these days of inflation, I can't think of a better return on investment.

The Ancestor Registry is made up from Family Data Sheets furnished by the members of Austin Genealogical Society during the previous year. Each member is entitled to submit 20 family records on or before December 31 of each year for inclusion in the following Spring Quarterly. Family Data Sheets and instructions for completing them are available, and the Ancestor Records Committee Chairman is always happy to assist you.

Remember, proof of all data you send in is yours, and once it is published in error a long process of correction is necessary. You will also want to determine the order of names; not John Doe, Sr., and John Doe, Jr., but John Doe 1, 2, 3, etc. All revised data sheets should be marked "Revised".

Please send in your data sheets early this year so they can be edited, corrected if necessary, and typed before the busy month of December.

The above roster does not include exchanges with other genealogical societies throughout the United States, nor library memberships. We have dropped from the roster those persons who have not kept current their memberships, but have retained their key numbers, and any person who renews membership will continue under their original key number.

**CORRECTION**

The birth date of Adam Long, page 86, Fall Quarterly 1966, Austin Genealogical Society, should be 26 January 1767.

INSTRUCTIONS:
1. Make a separate Data Sheet for each marriage of the ancestor on this page, and enter in short blank following word, "married", whether the marriage on this page was his 1st, 2nd, 3rd, or which, only if he was married more than once.
2. Make a separate Data Sheet for each marriage of the ancestress on this page, if she was married more than once.
The following instructions, and the copy of the Data Sheet on the other side of this sheet, are presented in an effort to assist members in getting their material prepared in time for the next Spring issue. The Data Sheet can be copied on any typewriter or copier; or the printed forms can be obtained from the Treasurer, the Secretary or the Ancestor Records Committee.

Each member may submit as many as 20 new Data Sheets for each Spring Quarterly; these should include information on 40 individuals (husbands and wives). As in the earlier Spring quarterlies, the next Spring issue of the Ancestors of AGS Members will index all ancestors and ancestresses by SURNAME.

Corrected Data Sheets on individuals who have appeared in earlier issues of the Spring Quarterly will not count in the 20 new Data Sheets for the next issue. You should prepare new Data Sheets on any individuals on whom you have obtained new or corrected information since publication of their data in the earlier Spring Quarterly.

Deadline for receipt of Data Sheets for inclusion in the next Spring Quarterly is 31 December; therefore you have plenty of time to prepare the Data Sheets and get them in before that time. The Ancestor Records Committee must type the information from each Data Sheet onto 3" x 5" index cards; and the earlier you can send in your Data Sheets, the sooner the index cards can be typed up. This will eliminate the last minute rush evident in previous years; and the Ancestor Records Committee will be most grateful for the additional time. Your Data Sheets will be returned to you.

Special Instructions:

1. Please type or print all entries on the Data Sheets. Handwriting is sometimes difficult to read; and this leads to unnecessary errors in the Quarterly.
2. All SURNAMES are to be in all capital letters; each given name has only the initial letter in capital, with the other letters in lower case.
3. Use Maiden SURNAME for a woman, not her husband's SURNAME.
4. Each date, (when), should be as complete as possible, with day given first, month spelled out, and year. (Example: 20 December 1966).
5. Each place, (where), should be as complete as possible, and should include township, county or parish, if available.
6. Children's names should be as complete as possible, and listed in order of birth; continue on back of Data Sheet if you run out of room on the front.
7. Please underline the name of the child in your lineage.
8. Any additional data or explanation you may wish to add for clarification should be placed on the back of the Data Sheet.
9. When you have ancestors or ancestresses with identical names, use numerical identifiers to distinguish between them. Thus, if John SMITH had a son, John, designate the father as John SMITH (1), and the son as John SMITH (2). These identifying numerals are flexible, and can be changed as you discover additional John SMITHs, or eliminated when you discover second names or initials.

This is an excellent opportunity for you to publish your lineages, to help out others who are collateral kinsmen, and to bring to the attention of thousands of genealogists all over the country the lines on which your information is incomplete. Each year that the Ancestors of AGS Members are published makes our Quarterly a reference.
