President's Letter

We continue our plan in this issue of having major committees serve as feeders of material to the Editor.

Through the leadership of our Bible Records Committee and with the help of our Director of Research, plus the contributions of several other good genealogical scholars, we publish information on and from at least sixteen important family Bibles.

We have made an effort to stay with data that has never been published before; and we have given priority to families which have descendants in our territory. We are pleased that many of these Bibles have data reaching back to the 1700s.

We hope this work proves to be interesting and valuable to readers here and throughout the country.

Sincerely yours,

/s/ O. V. Koen
